**Exceptional Regulation  
on Free Attempts in the Summer Semester  
2020**

as of 27 May 2020

The Rectorate decided upon the above-mentioned exceptional regulation  
in its meeting on 27 May 2020.

The wording is given below:

## **Exceptional Regulations on Free Attempts in the Summer Semester 2020**

§ 4 Regulation on Free Attempts of the Exceptional Regulations in the Administration of Examinations in Bachelor's and Master's Study Courses at the South Westphalia University of Applied Sciences due to the Coronavirus SARS-CoV- 2 E pidemic (Exeptional procedures coronavirus epidemic) of 22 April 2020 is rewritten as follows

"§ 4

Regulation on Free Attempts

Examinations that are taken in the summer semester and are not passed are deemed not to have been taken. This does not apply when the examination is graded as "insufficient" (5.0) in the event of cheating or the use of unauthorised aids or when the candidate has been excluded from continuing the examination due to disruption of the proper course of the examination. This applies to all module examinations taken in the period from 1 March 2020 until 31 August 2020 as well as all module examinations assigned to the summer semester 2020 in the respective examination schedule, even if they are taken after 31 August 2020. Withdrawal from an examination is allowed until its beginning; failure to take an examination is not harmful."
